440 ml Cartridges

### JW True Solvent High Performance Inks for JV5™ Printers

- ▼ Chemically compatible with OEM inks
- ▼ Wider color gamut with bold reds and clean yellows
- ▼ Fast drying
- ▼ Excellent adhesion to a wide variety of substrates
- ▼ Nickel free yellow formulation
- ▼ Customized ICC profiles available
- ▼ Backed by INX Digital's Worldwide Outdoor Durability and Ink Train Warranty for TRIANGLE® brand inks.

### Ink Train Warranty

INX Digital offers the most comprehensive warranty in the industry. If inks are proven to be the cause of the printer breakdown during the initial OEM warranty period, then INX Digital will provide parts, service or reimbursement costs required to repair damage to the ink train.\*

\*See warranty disclosure statement for details.

### Outdoor Durability Warranty

INX Digital backs their products with their Worldwide Ink Durability Warranty. INX Digital's TRIANGLE® Inks have been extensively used for many years and exposed to virtually all global and outdoor climates.\*

\*See specific product durability warranty as some vary.

+ Ask a sales representative for INX Digital's complete Worldwide Ink Durability Warranty.

### Eco Bulk Ink System

Eco Bulk represents a new type of ink delivery system as part of INX Digital's Green recycling program. With a unique cardboard design and easy to use, the ink is housed within a foil bag. Once emptied, the bag is disposed of and replaced, a more sustainable approach compared to plastic. The foil bag can contain up to two liters of ink, double the current industry standard of one liter packaging and resulting in less waste.

A test program showed that more volume allows for greater consistency of the product being delivered through the network.

### Easyreset

EasyReset is an automatic chip-emulation system, that replaces OEM chips. Every time you start the printer it generates a new code that takes the Virtual Ink level to 100% (440 ml per cartridge).

Each time you need to replace a cartridge, following the printer User Manual, the Virtual Ink value has to be restored to 100%. To do that, you need to restart your printer.

When the machine is restarted the Virtual Ink value will be back to 100%.

6 x 1 liter Bottles  
Net quantity 6 liters

12 x 440 ml Cartridges  
Net quantity 5.28 liters

4 x 2 liter Bags  
Net quantity 8 liters

### Color Center

INX Digital provides custom profiles to our customers. Every print shop is unique in their set up just as every printer is slightly different from the other. For this reason we offer to create custom profiles for our customers various needs.

### Spare Parts

INX Digital offers common replacement parts (at a significant savings over the OEM) for many of the printers that it manufactures ink for. These parts are the same parts that are sourced by the manufacturers themselves, refurbished, or are re-sourced to solve known problems.
